DATA AUTHORIZATION AGREEMENT

Date: March 15, 2026

This Data Authorization Agreement (the "Agreement") is made and entered into on **March 15, 2026** by and between:

Licensor:

Center for Image and Information Processing (CIIP), Xi'an University of Posts and Telecommunications,

Room 303, Tuanwei Building, 618 West Chang'an Street, Chang'an District, Xi'an, Shaanxi, P.R. China.

(hereinafter referred to as the "Licensor")

and

Licensee:

Dianwei Wang's Research Team

Room 501, 3# Building, 618 West Chang'an Street, Chang'an District, Xi'an, Shaanxi, P.R. China.

(hereinafter referred to as the "Licensee")

The Licensor and the Licensee are hereinafter individually referred to as a "Party" and collectively as the "Parties".

1. Background

Whereas, the Licensor is the original source and lawful holder or authorized manager of certain raw data related to criminal investigation research;

Whereas, the Licensee has selected, classified, filtered, and organized part of the original data provided by the Licensor to construct a dataset of CIIP-Criminal Investigation Dataset entitled **Crime**;

Whereas, the Licensee intends to release and share the Crime through the GitHub repository located at: **https://github.com/wangdianwei/Pso-GhostNet** for academic research and related non-commercial purposes. Whereas, the Licensor agrees to authorize the Licensee to use the relevant original data for the construction and public release of the Crime under the terms and conditions set forth herein.

2. Authorization

The Licensor hereby grants the Licensee a non-exclusive, revocable, non-transferable authorization to use the relevant original data provided by the Licensor for the following purposes:

1. selecting, classifying, filtering, annotating, organizing, and processing the relevant raw data;
2. constructing the Crime based on the processed and curated data;
3. publishing and distributing the Crime through the GitHub repository at **https://github.com/wangdianwei/Pso-GhostNet** or other academic open-source platforms;
4. allowing third parties to access and use the Crime for academic research, education,

algorithm development, benchmarking, and other non-commercial purposes, subject to the applicable dataset terms, license conditions, and ethical restrictions determined by the Licensee and consistent with this Agreement.

3. Scope of Use

The authorization granted under this Agreement is limited to the Crime and its related documentation, including but not limited to dataset descriptions, metadata, annotations, benchmark files, and README documents.

The Licensee shall not use the original data or the Crime for any unlawful purpose, commercial exploitation without separate written permission, or any purpose that may infringe public interests, personal rights, privacy rights, or data security requirements.

4. Ownership and Intellectual Property

1. The ownership of the original raw data remains with the Licensor or the relevant lawful rights holders.
2. The Licensee owns, or is entitled to claim rights to the extent permitted by law and this Agreement, in the classified, filtered, annotated, organized, and newly compiled contents of the Crime, including the dataset structure, annotations, labels, documentation, and benchmark organization created by the Licensee.
3. Nothing in this Agreement shall be construed as transferring ownership of the original raw data from the Licensor to the Licensee.
4. Any public release of the Crime shall clearly acknowledge that the original source data were provided or authorized by the **Center for Image and Information Processing (CIIP), Xi'an University of Posts and Telecommunications**.

5. Public Release and Attribution

The Licensor agrees that the Licensee may publicly release the Crime through the GitHub repository at https://github.com/wangdianwei/Pso-GhostNet under an appropriate open-source or data-use license for research purposes, provided that:

1. the Crime includes a clear statement acknowledging the original data source and the authorization granted by the Licensor;
2. the Crime includes reasonable terms of use, citation requirements, and restrictions on misuse;
3. the Crime release does not disclose confidential information, sensitive information, or any content prohibited from public release by law, regulation, institutional policy, or ethical requirements.

A suggested acknowledgment statement is as follows:

This dataset was constructed by classifying and filtering raw data originally provided by the Center for Image and Information Processing (CIIP), Xi'an University of Posts and Telecommunications, with permission for authorized use and public release for research purposes.

6. Compliance and Ethical Use

The Licensee shall take reasonable measures to ensure that the Crime is released and used in

compliance with applicable laws, regulations, institutional rules, research ethics, and data governance requirements.

The Licensee shall include appropriate notices prohibiting the use of the Crime for any illegal, unethical, discriminatory, harmful, or privacy-infringing purpose.

7. Representations and Warranties

1. The Licensor represents that it has the right or sufficient authority to grant the authorization described in this Agreement.
2. The Licensee represents that it will use, publish, and manage the Crime in a prudent and lawful manner.
3. Except as expressly stated herein, the Licensor provides the relevant data "as is" and makes no further warranties, express or implied, regarding completeness, accuracy, fitness for a particular purpose, or non-infringement.

8. Limitation of Liability

To the maximum extent permitted by applicable law, the Licensor shall not be liable for any direct, indirect, incidental, consequential, or special damages arising out of or related to the Licensee's use, publication, distribution, or management of the Crime.

The Licensee shall be responsible for ensuring that the public release and subsequent management of the Crime comply with applicable legal and ethical requirements.

9. Term and Termination

1. This Agreement shall become effective on **March 15, 2026**.
2. Unless otherwise terminated in accordance with this Agreement, the authorization shall remain in effect for **3** years.
3. The Licensor may terminate this Agreement by written notice if the Licensee materially breaches this Agreement.
4. Upon termination, the Licensee shall take reasonable steps to cease further unauthorized distribution of the Crime, except where continued retention or limited archival preservation is required by law, institutional policy, or prior lawful distribution terms.

10. Governing Principles

This Agreement shall be interpreted in good faith in accordance with applicable laws, regulations, and academic norms governing data use and research cooperation.

Any dispute arising from or in connection with this Agreement shall first be resolved through friendly consultation between the Parties.

11. Miscellaneous

1. This Agreement constitutes the entire understanding between the Parties with respect to the subject matter hereof.
2. Any amendment to this Agreement shall be made in writing and signed by both Parties.
3. This Agreement may be executed in counterparts, each of which shall be deemed an original.
4. This Agreement shall be written in English. A Chinese version may be prepared for

reference or parallel execution where necessary.

Signatures

For the Licensor:

Center for Image and Information Processing (CIIP), Xi'an University of Posts and Telecommunications

Name: YING LIU

Title: Professor

Signature:

Date: 15/03/2026

For the Licensee:

Dianwei Wang's Research Team

Name: DIANWEI WANG

Title: Associate Professor

Signature: Dianwei Wang

Date: March. 15. 2026
